Dr. Anurabh Saurabh	9871969360
Dr. Ganga Mehto	9122111400
Dr. Sangeeta Pethiya	9302376091

The Institute provides a transparent mechanism in its academic endeavor. It uploads annual calendar on its website in the beginning of the session. At the same time the teachers appraise the students of their performance through periodical internal tests and assessment and also guide them for further improvement. During the internship program also, the faculty supervises the lessons and provides feedback. Similarly, in the post internship phase, student-teachers are given the opportunity to report their experiences of teaching and working in their identified practice teaching schools. The schools also provide feedback for each student. The administrative activities including purchase procedure is completely transparent. It responds to queries under RTI act and follows decentralization in its administrative and financial activities. The various committees for purchase, inspection of purchased items, stock verification, recruitment of faculty and staff are constituted as per government norms. Being a residential institution, it maintains proper transparency in framing the hostel rules. The hostel rules are framed in consultation with Principal, Chief Warden, Wardens, Students, Administrative Officer, Security Officer and Parent representatives. The hostel rules are notified in the beginning of the session and all parents are appraised of this in the induction programme. Moreover, all circulars of the Institute, NCERT and Government of India are properly circulated among the faculty members through Heads of the Departments. The notices or ordinances including scholarship related matters are displayed on the Notice Board.
